

New Energy Nexus – Impact Manager

The Organization

New Energy Nexus is an international organization that supports clean energy entrepreneurs with funds, accelerators and networks. We started in California and have expanded operations into China, India, Southeast Asia, and East Africa. Our mission is to support diverse entrepreneurs to drive innovation and build equity in the global clean energy economy. Our goal is to support 100,000 startups to succeed by 2030 – a decisive decade in our collective struggle with climate change. With our network, we directly boost hundreds of entrepreneurs annually while uplifting thousands more. Since 2004, New Energy Nexus (up until recently known as California Clean Energy Fund) has leveraged \$1.5 billion in investment, invested in over 100 clean energy enterprises, and launched industry leading centers for solution collaboration.

The Opportunity

New Energy Nexus is a 501(c)(3) US not for profit organization looking to bring on an Impact Manager to design and implement an impact evaluation strategy for our network of programs around the world. Reporting to the Chief Strategy Officer, this is a unique opportunity to join a passionate, talented team operating at the forefront of worldwide work for a more inclusive clean energy economy.

The Impact Manager will create and implement an impact evaluation and measurement strategy for our startup programs around the world with a focus on South East Asia and Indonesia. The overall goal is make visible the growth and impact of the clean energy startups we support through our programs. The role will be a mix of defining impact indicators and methods of data collection for the startups that we support and invest in. You will be engaging with our program managers to ensure data collection and will devise creative ways to report and share the impact of our entrepreneurs.

The Ideal Candidate

The ideal candidate will be driven by a passion for New Energy Nexus' mission, and will be a strategic thinker who can execute against daily responsibilities. This role requires a mix of analytical research skills with hands-on relationship building and data collection. Experience in the field of clean energy, climate or sustainability is recommended.

You have proven research and analytical skills in the field of impact evaluation and measurement, impact investing and/or entrepreneurship. A successful candidate will be able to effectively set up systems for impact data collection whilst being able to tell a compelling story about our entrepreneurs. The position requires the ability to work independently and always follow up.

New Energy Nexus values justice, impact, agility, boldness and creativity. We are a committed global team of more than 25 staff, that is efficient and hard-working, while also gaining a reputation for throwing great events in cities around the globe from Shanghai to Stockholm. Team members have an entrepreneurial spirit and work effectively across borders and cultures.

Key Responsibilities:

The Impact Manager:

- With the Chief Strategy Officer and key program leaders develop an impact measurement strategy and system for New Energy Nexus with a specific focus on South East Asia and Indonesia.
- Design and implement an effective database and technology system for frontline impact data-collection by program managers and entrepreneurs.
- Work effectively with internationally distributed program managers in encouraging entrepreneurs to provide regular impact data updates.
- Translate impact data from programs into compelling reports and stories about our work and entrepreneurs.
- Partner with the Communications staff to craft and distribute external materials.
- Create and maintain tools and systems that support frontline fundraising efforts, with a focus on impact measurement and reporting to support the exponential growth of the organization.

Valued Qualifications

- Expertise in both quantitative and qualitative analysis and research methods
- Familiarity with best-in-class measurement and impact evaluation frameworks from the social, private, and government sectors (UN Sustainable Development Goals, IRIS, GIIRS, RCTs and others)

- Expertise in working with grant management systems and relational databases such as SmartSimple or Salesforce.
- Experience working cross-functionally across organizations to communicate to and influence other teams
- Entrepreneurial spirit and enthusiasm to help...
- This position will ideally be based in South East Asia at one of our offices.

How to Apply:

New Energy Nexus is an equal opportunity employer and welcomes a diverse pool of candidates for this search. All qualified candidates are encouraged to apply as soon as possible. We will compensate competitively and have good benefits and a supportive culture. To be considered, please submit your resume and a cover letter expressing your passion for the mission and why you're right for the role. Please submit your application to hendrik@newenergynexus.com with the subject line email of the application in the following format

New Energy Nexus Impact Manager [First Name] [Last Name].

Applications will be accepted on a rolling basis. Short-listed candidates will be contacted for interviews.
