

**Program Associate**  
*New Energy Nexus Thailand*

**What We Do**

New Energy Nexus is an international non-profit that strives to achieve a 100% clean energy economy for 100% of the population in the shortest time possible by supporting clean energy entrepreneurs with funds, accelerators and networks. We were founded in California and we manage incubator, accelerator, and seed fund programs across the world (USA, China, India, Uganda, Thailand, Indonesia, Vietnam, and the Philippines). Our mission is to support diverse entrepreneurs to drive innovation and build equity in the global clean energy economy, and our goal is to support 100,000 startups to succeed by 2030—a decisive decade in our collective struggle with climate change.

New Energy Nexus Thailand is part of our Nexus Southeast Asia program that we developed in partnership with GIZ—Germany’s leading provider of international cooperation services—to build an ecosystem of clean energy entrepreneurs working on solutions to address this region’s energy growth and the climate change situation. We focus on supporting clean energy entrepreneurs and provide commercial, technology, and financial support to new ideas and young enterprises to go market. We leverage the strong network and experience of our founding partners GIZ and New Energy Nexus as well as partner organizations, and investors in the region.

**The Opportunity**

In 2020, we will be expanding our Thailand program to support the next generation of energy entrepreneurs. We are looking for an experienced and entrepreneurial Program Associate to support the growth of our New Energy Nexus Thailand program. The goal for New Energy Nexus Thailand is to become a self-sustaining local organization that will support and invest in clean energy startups across Thailand over the coming decades and make a significant impact in the nation’s transition to a low carbon economy.

New Energy Nexus Thailand consists of the following activities:

- Startup Incubation and Acceleration: helping new entrepreneurs across Thailand develop their innovative clean energy business ideas and take it to market.
- Stakeholder engagement and education: Through various programs New Energy Nexus Thailand will engage with prospective entrepreneurs and wider stakeholder groups on the benefits of clean energy entrepreneurship.

The Program Associate will support the engagement with partner organizations to implement programs mentioned above.

The position will be full time and based in Bangkok, and it will entail travel domestically as well as occasional international travel. We compensate competitively, provide great benefits and offer a supportive culture.

## **The Ideal Candidate**

The ideal candidate is driven by a passion for the New Energy Nexus mission, as well as entrepreneurial in spirit and mindset. He/she is passionate about advocating clean energy and believe startups can be a catalyst for change and growth in the energy sector. The candidate has project management skills with the ability to thrive in a fast-paced, deadline driven environment. Experience in the renewable energy field is key.

The incoming Program Associate has strong interpersonal skills and is able to connect and engage with all stakeholders at varying levels. He/she is proactive, forward-thinking, and able to anticipate issues/needs and have a collaborative approach and able to work across teams and functions to achieve success. The role requires the ability to work independently and as a team player, to take initiative and manage multiple tasks and projects at a time.

New Energy Nexus culture values audacity, innovation, collaboration and inclusion. We stand for a clean energy economy that works for 100% of the world population. Our organization's entrepreneurial spirit is bolstered by staff who do not shy away from a challenge and are comfortable taking calculated risks.

## **Key Responsibilities**

### *Startup Support & Coordination*

- Serve as point-of-contact for startups within the New Energy Nexus Thailand Acceleration Program.
- Ensure the completion of startups' applications to the Acceleration Program by responding to requests for information and support with the application process.
- Provide logistical support to non-Bangkok-based teams participating in the Acceleration Program in advance of their arrival and during their stay.
- Proactively support a high-caliber day-to-day experience for the finalist startups.
- Field requests for support from participating startups, and act on them efficiently and effectively with input and guidance from the rest of the New Energy Nexus team.

### *Program Support*

- Work closely with the Program Manager to build, design and apply efficient startup support systems prior to, during, and after the Acceleration Program.

- Serve as the primary point-of-contact for finalist startups during the Acceleration Program.
- Facilitate the finalist onboarding process by communicating with new teams.
- Manage startup and stakeholder databases while maintaining updated status and OKR reports.
- Proactively communicate with finalist startups, keeping them informed about upcoming programming, existing resources and other engagement opportunities.
- Connect accelerating startups to the New Energy Nexus Alumni Network and guide them in making the most valuable matches to our former startups and entrepreneurs.
- Communicate with alumni teams, keeping them up-to-date about opportunities for them in the New Energy Nexus network, as well as fielding their requests for support.

## Valued Qualifications

### *Minimum requirements*

- Passionate about sustainability and clean energy
- Passionate in supporting or investing in startup companies
- Basic knowledge of the renewable energy sector
- Entrepreneurial and fast moving
- Professional work experience on project management
- Professional work experience on multi-stakeholder engagement
- Excellent verbal and written communications skills
- Professional fluency in English and Thai

### *Preferred Qualifications*

- Working with startup incubator and accelerator programs
- Managing multiple partnerships and networks
- Managing communications, PR and social media
- Experience in producing and organizing events
- Business development, fundraising and sponsorships from foundations and corporations
- Ability to work independently and with team members in different locations & time zones
