

## Corporate Innovation Fellowship - Southeast Asia

### Organization Overview

New Energy Nexus ([www.newenergynexus.com](http://www.newenergynexus.com)) is an international organization that supports clean energy entrepreneurs with funds, business acceleration and access to networks. We operate programs in the USA, China, India, Uganda, Thailand, Indonesia, Vietnam and Philippines.

In Southeast Asia, New Energy Nexus is building an ecosystem of clean energy entrepreneurs working on solutions to address the regional energy transition and climate change. We support energy entrepreneurs to create new innovative energy companies that will help to build the nation's clean energy economy.

We are now looking for an experienced professional to support our corporate innovation practice in a three month fellowship. The position will support the New Energy Nexus Southeast Asia chapters to ensure successful implementation of the energy startup programs and related activities including supporting local entrepreneurs and global startups on international expansion via acceleration programs in collaboration with partner organizations.

### Roles and Responsibilities:

#### **Business Development & Partnership Activities**

- Research on potential corporate partners in the region to understand their goals & objectives
- Develop a pipeline of industry related organizations interested in corporate innovation services and customize proposals
- Participate in industry events and initiate meetings with key market stakeholders
- Stay up-to-date on any relevant clean energy events and news

#### **Program Administration & Implementation**

- Support in the planning, design and implementation of corporate innovation programs in supporting energy technologies and startups to deploy in Southeast Asia.
- Research & identify relevant professionals for activities, including trainers, facilitators, business advisors, designers etc.
- Organize virtual events, workshops, trainings on various clean energy / innovation topics
- Support marketing & social media activities: invitations, outreach, media and administrative preparation
- Support in managing the engagement of startups in the accelerator programs and provide support needed to help companies succeed with their goals.

The position will be **~30 hours a week** and based in Singapore (Other locations in ASEAN possible). Duration is a **minimum of 3 months** with possibility of extension. The position is unpaid, but a monthly stipend will be provided to the selected candidate.

**Qualifications:**

**Minimum requirements:**

- Passionate about energy startups and cleantech!
- Minimum 3 years of working experience in management consulting or business development for services based companies
- Master's degree (or in progress) in business or energy related fields
- Entrepreneurial and fast moving, highly self -disciplined to work in a global team with different locations and time zones.
- Professional fluency in English

**Preferred Qualifications:**

- Professional knowledge or experience in the clean energy sector
- Experience in the startup community, including incubators, accelerators, investors and relevant support organizations
- Experience with organizing professional events and implementing marketing, communication and social media activities
- Highly resourceful person with the ability to come up with new ideas and concepts to design program activities
- Additional Southeast Asian language skills preferred

**How to Apply:**

To apply, please send a cover letter and CV to [stanley.ng@newenergynexus.com](mailto:stanley.ng@newenergynexus.com)

Applications will be accepted on a rolling basis.

The subject line email of the application should follow this format:

**NEX\_SEA Fellow\_FirstName\_LastName.**

New Energy Nexus values and celebrates diversity among our employees and in our movement and knows that's the way we're going to win big. We are an Equal Opportunity Employer. All qualified applicants will receive consideration without regard to race, color, religion, gender. Only short-listed candidates will be contacted for interviews.
